## Drop-In Open Play

Individual players of all ability levels are welcome. For Drop-in Play, winners of the game stay on the court and split and two people waiting come on, one on each side. The losers would go off the court and choose which court they would want to wait for. If only one player is waiting, one of the losing players stays on too. If no one is waiting the four players can choose to play again or wait for another court. BCRD has placed a limit on 30 people at any one time in the gym. A BCRD Pickleball Ambassador may be there to help organize. Please follow their instructions.

## Team Play

For Team Play, groups who seek to play with specific players arrange to play in advance. Teams come as a group of 4 and utilize a court during the allotted time. Teams do not have to rotate from court to court. If there are more than 6 teams present, each team plays to 15 wins by 1, and must take a turn rotating off the courts to allow waiting teams to play. BCRD has placed a limit on 30 people at any one time in the gym.
