What is the location and what are the hours of operation of the Summer Day Camp Program?
June 1st - August 13th
Monday - Thursday, 8:30am - 5:30pm
HUB at the Community Campus Building
1050 Fox Acres Road
Hailey, Idaho 83333

How do I register and what is the cost of Summer Day Camp?
We suggest registering online at www.bcrd.org
Registration closes at 9am on Friday of the week prior to the week of attendance. No daily drop-ins will be allowed this summer. You can register weekly for $120 or you can register for the entire summer (11 weeks) for $1232. Complete pricing information can be found on our website.

What are the ages for Summer Day Camp?
Camp is open to all full-time kindergarten graduates (rising 1st graders) through rising 6th graders. We recommend that campers complete full-time kindergarten before attending camp.

What does my child need for camp?
We ask that every child has a backpack to best carry all their belongings. Every child needs a cold lunch, two to three healthy snacks, sunscreen, a water bottle or two (12 oz minimum), athletic shoes (please no flip-flops), a swimsuit, towel, and a bike helmet on their assigned bike days (see schedule).

How does drop-off and pick-up work?
Preferred drop-off time is between 8:30am-9:30am at your child's assigned drop-off and pick-up location behind the Community Campus building. Before being admitted to camp, children's temperatures will be taken by staff and they must pass a screening for COVID-19 symptoms. Children will know their assigned pod at Monday morning drop off. Preferred pick-up time is from 4:00-5:30pm. Parents will not be allowed to enter the facility. When a parent arrives, a staff member at their child's pick-up location will communicate to the child's pod that the child needs to be brought out to the pick-up location.

Can I drop my child off earlier than 8:30am?
Our counselors arrive in time to plan and prep before the day begins, because of this, we suggest dropping your camper off no sooner than 8:30am. There will be no adult supervision available until 8:30am.

Where do I drop-off after 9:30am?
Drop-off will be available between 8:30-9:30 a.m. every camp day. Any camper drop-offs outside of this timeframe are discouraged as a separate individual screening will need to be arranged between staff and parents. If absolutely necessary, parents can call the Front Desk to arrange late drop off at (208) 578-2273.

How do I pick-up before 4:00pm?
The daily schedule can change at any time, and our groups travel off-campus daily making unplanned early pick-ups difficult to coordinate. Any early pick-ups are discouraged. If absolutely necessary, parents can send their child with a note the morning of or call the Front Desk to arrange early pick-up at (208) 578-2273.

Are the campers separated into different age groups?
Yes. Rising 1-2 graders will be in the Explorer Camp, rising 3-4 graders will be in the Discovery Camp, and rising 5-6 graders will be in the Challenger Camp. All age groups are separated into reduced group sizes called “pods.” each pod has two counselors and their own homeroom space and supplies in the Community Campus.

Can my camper join a different age group?
To help keep camp safe, campers need to stay within their assigned age groups. Only specific cases addressed with the Youth Program Coordinator may make moving a child to a different age group possible, after discussing with the parents of the camper.
How often do campers apply sunscreen?
Campers are required to apply sunscreen every two hours. To help with this process, please spend time at home teaching your child the proper way to apply sunscreen. Our counselors will also be available to assist campers in applying sunscreen and assuring campers do not share or apply sunscreen on one another. Campers are welcome to bring their own sunscreen, though we do provide natural broad spectrum sunscreen.

Are there refrigerators and microwaves for my camper’s lunch?
No. Because the campers eat lunch outside, we do not supply microwaves or fridges for camper lunches. Please make sure to pack an ice-pack to keep lunches and healthy snacks cold.

Does the BCRD provide bikes and helmets?
No. The BCRD does not provide bikes or helmets for the campers. The BCRD highly encourages campers bringing bikes to camp as many activities will take place off campus this summer. If your camper does not have a bike, we will do our best to accommodate the child so s/he can remain with their assigned pod.

Where do I park my camper’s bike and helmet?
Bike parking is located in the backyard of the HUB. Please hang helmets on handlebars of your camper’s bike. This will lighten the backpacks in the mornings. Labeling helmets and bikes will help us keep track of belongings while on outings.

How will my child be kept safe from germs this summer?
BCRD Summer Camp will be following state and federal guidelines by creating “pods” of reduced group sizes. Staff and campers will be required to wear face masks when an activity requires physical distance of less than 6 feet or when using the bathroom or traveling through common space in the Community Campus. BCRD will provide two masks per staff and camper. The used mask will be left at camp at the end of each day. Staff will wash all masks in high-temperature water following CDC protocols for sanitation and return clean masks to campers. Frequent and proper hand hygiene will be practiced throughout the summer with staff supervision. Campers with symptoms compatible with COVID-19 will not be allowed entrance into camp.

What is a pod?
Campers will be divided into small groups (pods) of approximately 8-12 campers and 2 counselors that will be comprised of the same campers and staff for the entire week to minimize virus transmission. Campers will participate in all camp activities, indoor and outdoor, within their own pod. Staggered daily schedules for pods will be implemented to avoid contact between pods. Each pod will have their own homeroom space, sports equipment, art supplies, books, and games and will not be transferred between pods.

What do you mean when you say you are going to be screening my child for symptoms?
At drop-off, campers will be screened for symptoms compatible with COVID-19 according to the CDC and if your child has one or more of these symptoms, they will not be admitted to camp. Children will be temperature scanned and parents are required to confirm that the child does not have a fever (100.4° or above), shortness of breath, cough, chills, headache, repeated shaking with chills, new loss of taste or smell, sore throat, or muscle pain each day before the camper will be allowed into the facility.

What happens if my child is not let into camp because they have one or more symptoms of COVID-19?
In the case that a camper is denied access due to symptoms compatible with COVID-19, parents can request a refund or credit for the pro-rated amount of their enrollment fee for services not rendered.
